YEAR 4 – BOURNEMOUTH UNIVERSITY ART PROJECT

Dear Parents and Carers,

A group of TV Production students at Bournemouth University are making a children's television programme for a course related project. The theme of the programme is 'art attack'. They have asked Dee Hughes, through his work with The Story Works, to help find four eight-year-old children to be in the programme that will be made at Bournemouth University. He has very kindly contacted St Mark's as we have already forged links with The Story works project through early visits to Bournemouth university.

The two scheduled dates for filming are the 25 November and the 8 December with the children needed from 3:30pm to 5pm for filming on both days.

Mrs Scoble and another adult will accompany the children to both after school events.

Please email the school at parentmail@st-marks.bournemouth.sch.uk to register your interest at the earliest opportunity. This is a wonderful opportunity and it will be a voluntary project.

We look forward to hearing your responses.

Kind regards,

Mrs Scoble
