FOOD ALLERGENS UPDATE

Dear Parents and Carers,

Due to increased allergies in school, we are now updating all allergen details on our Wisepay menus to ensure children's safety. Parents are advised to check their orders if their child has any allergies. Please speak to the Office if you wish to amend or cancel your orders.

Please note that the vegan toad in the hole (next on 9 October 2023) is now a vegetarian meal as the batter recipe has been changed to include egg.

We are a nut free school with a number of children with severe nut allergies. It is really important that parents and carers check the ingredients of any food coming into school to ensure that they are nut free.

Kind regards,

St. Mark's C.E. Primary School
