### YEAR 1 - JUDAISM WORKSHOP

Dear Parents and Carers,

As part of our Religious Education learning about Judaism, we have arranged a special workshop for Year 1 pupils on Thursday 7 May, led by *Living Judaism*.

During the session, the children will take part in a Shabbat workshop, where they will learn about this important Jewish celebration. As part of the experience, the children will also be making the special bread (challah) traditionally used during Shabbat. The bread making will include ingredients of **egg, honey and flour**. Should your child have an allergy to any of these ingredients, please supply them with an alternative bread roll or cracker in a sealed container so they can still participate in the activity. The children will also be given blackcurrant juice unless you would prefer for your child to opt out.

We will use the dietary requirement information that we currently have on record for your child. If you would like to update or amend this information, please contact the school office as soon as possible. You are also able to update your child's details on the Arbor App.

We are looking forward to an engaging and exciting morning for the children.

Kind regards,

Amy Roberts  
Deputy Headteacher
