ASTHMA

Dear Parents and Carers,

If your child has asthma, please ensure that you complete a School Asthma Card and return it to the school office.

In the unlikely event that your child's inhaler is not available or is unusable, we require your consent for your child to receive Salbutamol from an emergency inhaler held by the school for such emergencies.

If you wish to consent to this, please send a signed consent form to our school office.

The completed card will provide helpful details about your child's current medicines, triggers, individual symptoms and emergency contact numbers, helping our school staff to better understand your child's individual condition.

Please make sure the card is checked regularly and updated to include any changes to medicines, as well as how much they take and when.

Kind regards,

St Mark's C.E. Primary School
